Are you prepared to evaluate your superintendent?

- What are the requirements?
- What is the difference between standards and indicators, and how will they be measured?
- Who establishes the cut scores for performance ratings?
- What types of student achievement goals can be used and how will they be rated?
- What level of goal achievement is required for a proficient rating?

The Guidelines for Uniform Performance Standards and Evaluation Criteria for Superintendents developed by the Virginia Department of Education provide a wealth of information regarding the requirements. Filtering through this document to determine what is required and what is optional requires focused attention. For some, the changes to their current evaluation model may be minor, while others face major revisions in order to be in compliance with the regulations.

This workshop is designed to provide small group support to superintendents and board members responsible for assessing and updating their evaluation model.

Participants will have the opportunity to review the guidelines in detail and then use them as they draft their own models. Individual consultation and support will be provided throughout the session as participants work on their revisions.

The session will be held at the VSBA office in Charlottesville from 9:00a – 1:00p, with additional time available until 3:00p for individual consultation. The cost for the session is $165 per person. Light breakfast and lunch will be provided.
Overnight lodging is available at the Hilton Garden Inn Charlottesville by calling 434-979-4442 and letting them know you are with VSBA. If you need assistance making room reservations, please contact VSBA.

Seats are assigned on a first-come first-served basis and are very limited for this session. Register online today!
