VSBA BULLYING PREVENTION MONTH

October 2022

Dear School Board Member/Superintendent:

In an effort to promote awareness of school bullying, the VSBA Board of Directors has designated the month of October as VSBA Bullying Prevention Month. Childhood bullying is a significant problem nationwide. It can cause school absenteeism, mental and physical stress, poor school performance, poor self-esteem, and in some cases, school violence. Statistics show Students who experience bullying are at increased risk for depression, anxiety, sleep difficulties, lower academic achievement, and dropping out of school. (Centers for Disease Control, 2019)

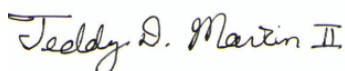

School board members, superintendents, teachers, and parents play a critical role in creating a climate where bullying is not tolerated. It has been proven that when adults and children stand together bullying ends. VSBA will publicize Bullying Prevention Month in our newsletter, on the VSBA website, through social media and will send out a statewide news release urging news organizations to provide coverage of local activities. School divisions are encouraged to issue their own news releases, and it would be helpful if divisions would apprise the VSBA of any related activities taking place in their division. Potential activities could include:

- Adopt a proclamation similar to the one adopted by the VSBA Board of Directors (see enclosed).
- Write a letter to the editor or contact a local reporter to see if they will do a story about bullying prevention initiatives taking place in the division.
- Hold school or division student contests (poster, video, writing, etc.) around the theme of “VSBA Bullying Prevention Month”.
- Conduct parent/caregiver workshops on bullying, which could include the opportunity for parents/caregivers to spend time with their child’s guidance counselor.

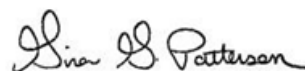

This guide includes several resources to assist you in these efforts, including references to VSBA policies on bullying, a sample news release, and a proclamation adopted by the VSBA Board of Directors.

We hope you will take advantage of this opportunity to help spread awareness of the serious nature of bullying in our schools.

Sincerely,

Teddy D. Martin, II

VSBA ANTI-BULLYING POLICIES

The VSBA Policy Manual includes several policies that address bullying. For example, Policy JFC-R Standards of Student Conduct states:

Bullying

A student, either individually or as a part of a group, shall not bully others either in person or by the use of any communication technology including computer systems, telephones, pagers, or instant messaging systems. Prohibited conduct includes, but is not limited to, physical, verbal, or written intimidation, taunting, name-calling, and insults and any combination of prohibited activities.

"Bullying" means any aggressive and unwanted behavior that is intended to harm, intimidate, or humiliate the victim; involves a real or perceived power imbalance between the aggressor or aggressors and victim; and is repeated over time or causes severe emotional trauma. "Bullying" includes cyber bullying. "Bullying" does not include ordinary teasing, horseplay, argument, or peer conflict.

Policy IGAI Character Education states that the division's character education program will include instruction on the inappropriateness of bullying.

Policy GCL Professional Staff Development provides that the division's professional development program educates school board employees about bullying and the need to create a bully-free environment.

In addition to policies that address bullying by name, it is important to remember that bullying is a term which incorporates many types of conduct. Some of that conduct, such as hitting, may amount to criminal misconduct. When that is the case, the conduct must be reported to law enforcement officials pursuant to VSBA Policy CLA Reporting Acts of Violence and Substance Abuse. The conduct may also be addressed by VSBA Policy JFHA/GBA Prohibition Against Harassment and Retaliation. Whenever a division is confronted with conduct that may be bullying, it should carefully consider whether the conduct is also prohibited harassment. When a division discovers harassment, it should consider not only appropriate discipline for the harasser (s) but should also consider whether broader remedies, such as school-wide or division-wide training are necessary.

October Is VSBA Bullying Prevention Month

[CITY/COUNTY], VA -- School board members, superintendents, school leaders, teachers, and parents can play a critical role in creating a climate where bullying is not tolerated. It has been proven when adults and children stand together, bullying ends. This is why the Virginia School Boards Association (VSBA) has declared October as VSBA Bullying Prevention Month.

Childhood bullying is a significant problem nationwide. It can cause school absenteeism, mental and physical stress, poor school performance, poor self-esteem, and, in some cases, school violence. Statistics also show that students who experience bullying are at an increased risk for depression, anxiety, sleep difficulties, lower academic achievement, and dropping out of school. The National Center for Educational Statistics reported that one out of every five (20.2%) students report being bullied. This means that upwards of thirteen million school-aged children are bullied each year.
